

Customization capacity and services

Our catalogue offers a wide range of empty cabinets for all types of applications in various sectors : industry, distribution networks, tertiary...

To meet the needs of our customers, we have a dedicated department proposing the following services:

> CUSTOM-MADE ENCLOSURES FOLLOWING YOUR TECHNICAL DRAWINGS

All our cabinets have been designed and developed to be used for many applications. The cabinets can be equipped with different accessories, cable glands, ventilation valves and fixation systems for any type of equipment.

We realize the full customization depending on your needs and requirements.

> THE CUSTOMIZATION OF YOUR MOUNTING PLATES

The metal or polyester mounting plates allow to mount any type of equipment inside the cabinets. We manage the different holes for easy assembly of your equipment inside the cabinets.

> A WIDE RANGE OF ACCESSORIES AND EQUIPMENT

We are a major player in electrical distribution equipment, we design and manufacture a wide range of accessories and equipment to be integrated inside our cabinets according to your needs.

We can provide you with a full range of equipment and solutions.
