

ACCESSORIES FOR OVERHEAD SUBSTATIONS

Accessories for cabin transformers ([Overhead Network](#)): optimisation of device service life, fault detection, better energy efficiency .

Main characteristics

Optional extras:

- Floor crane
 - Transformer support cradle
 - Traffix LV distribution board
 - LV circuit breaker
 - Lightning arrester support
 - Lightning arresters
 - HV fuse holders
 - Fuses
-

Advantages

- Facilitate the implementation of devices
 - Optimise their service life
-

Uses

- Rural environment
