

WELDING MACHINES AND OPTICAL FIBRE MEASUREMENT SOLUTIONS

Range of devices for FTTH network connections

Main characteristics

CAHORS offers multiple types of optical fibre welding machines. The welding machine performs multiple functions on a single device:

- Stripping: automatic thermal stripping
- Cleaving
- Cleaning: integrated alcohol distributor
- Splicing: removable fibre fasteners + refractory oven
- Welding defect check

We offer various models to suit all needs:

- Duct to duct welding machines (2 models)
 - Core to core welding machine
-

Advantages

- Duct to duct welding machines
 - Core to core welding machine
 - Easy to use product
 - Compact, lightweight solutions
 - Broad range of accessories
-

Uses

- Deployment of FTTH networks
- Deployment of Optical Fibre TELECOM networks
