

PARCEL BOX

Parcel boxes can be used to safely receive packages at your home address (vandal-proof, condensation-proof) when you are not at home.

Main characteristics

Our range of parcel boxes allows you to receive different size postal parcels when you are not at home.

Two product options:

- a parcel box located next to your letterbox
- or one box in two: parcels and letters.

The 20/10 steel box is vandal-proof and its grating protects your parcels from condensation.

Two size options:

- Model 99.5: height 955 mm, width 400 mm, depth 435 mm
 - Model 44.5: height 445 mm, width 665 mm, depth 362 mm
-

Advantages

- 3-point lock compatible La Poste
 - Steel spring on front face to prevent burglary
 - Two ultra-strong hinges
-

Uses

- Individual housing,
- Company
