

ACCESSORIES

Accessories for pole-top transformer: optimisation of device service life, fault detection and reinforced operating quality.

Main characteristics

Optional features :

- Pressure-relief valve
- LV protection sleeves
- Lightning arrester supports
- Overload protection
- TST pin
- Avifauna sleeves
- Plant oil
- Thermometer
- Spark gap
- Level indicator
- Optional resin HVA terminal

Advantages

- Optimisation of device service life,
 - Fault detection
 - Reinforced operating quality
-

Uses

- Rural environments
